

Take your self-service business to the next level!

Worldline Vending Suite

Digital Payments
for a Trusted World

Unattended Terminals For all use cases

- **Easy integration and set up**
- **Improved user experience**, with full payment acceptance on a single terminal
- **Increased interactivity** with touch display and camera
- **Revenue booster**, accepting new payment means (QR code payment, wallets, loyalty cards)
- **Durable** with secure and rugged devices up to PCI V6, IK10 and IP65

Mobile payment Enrich your self-service customer journey

- **Deliver the best UX** with innovative payment options such as mobile, in-app payment or wallets.
- **Answer to evolving market trends and customer expectations**, creating more engagement.
- **Digitise your self-service customer journey** to enable easy payment, upselling and promotions, and create new experiences such as Scan&Pay, Click&Collect and more.

Worldline Vending Suite

A unique suite of payment services to unlock the full potential of your self-service business

Easy integration into your kiosks

The right terminal for any self-service need, meeting the latest standards (EVA, MDB)

Payment methods tailored to your market

All payment means, from international brands to local schemes (PCI PTS-PCI DSS), mobile wallets and QR code payments. Fast Payout (Day +1 to 3)

One-Stop-Shop

Work with a single payment partner, from terminal to acquiring. Reduce complexity with one company, one point of contact

Scalable omnichannel offer

One single portal for all channels with consolidated reporting from transaction to financial reconciliation

Your benefits working with Worldline

Global reach with true domestic expertise

21 offices across Europe
150+ payment methods

Trusted and long-term business partner

40+ years of expertise
550K+ terminals managed
C. 1,500 large & medium merchants served

Operational excellence

Large community of vending experts to support you locally, on a daily basis

In-Store and online proven capabilities

#1 acquirer in Europe
C.7bn card transactions /year
C. 2.5bn transactions online /year

Pan-European Acquiring Freedom to choose

Worldline Vending Suite offers the flexibility to connect to the most suitable acquirer per country without the worry of excessive acquiring costs and operational complexity.

Through this « à la carte » approach, **unique on the European market**, Worldline provides vending merchants with the best acquiring option between:

- **Worldline acquiring**, a standard solution across European countries
- **Local acquiring** with a large access to local specificities and schemes

Payment Gateway Manage your operations and finances

Easily deploy and operate vending machines in various locations, thanks to the terminals' powerful monitoring tools.

Optimise the availability of machines and secure revenues while accepting transactions even in poor connectivity environments.

Improve your operational efficiency with flexible and real-time reporting from a single portal.

Protect your brand with a secured PCI environment (PCI-PTS, PCI DSS).
